NATIONAL GIRLS COLLABORATIVE PROJECT

## NGCP Vision

The National Girls Collaborative Project (NGCP) **brings together organizations** that are committed to informing and encouraging girls to pursue careers in science, technology, engineering, and mathematics (STEM).

NATIONAL GIRLS COLLABORATIVE PROJECT

## NGCP Goals

1. **Maximize access** to shared resources within organizations interested in engaging girls in STEM.
2. **Strengthen the capacity** of programs by sharing exemplary practice research and program models.
3. **Use the leverage of a network** to achieve gender equity in STEM.

**Changing the Game For Girls in STEM:**  
*Findings on High-Impact Programs and System-Building Strategies*

Presented by:

 

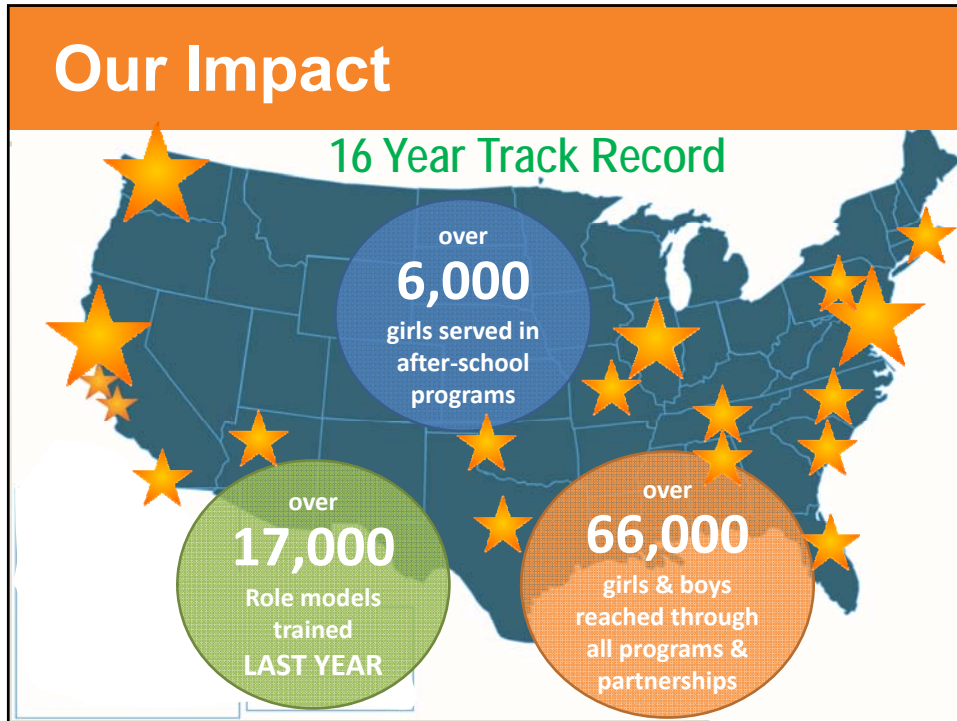

## Techbridge Girls

**Inspire girls of color from low-income families** to discover a passion for STEM. Through our **gender and culturally responsive** after school and professional development program, **we empower** the next generation of girl innovators and leaders to **change the world**

## 3 Strategies to Change the Game

1. **Design & evaluate** girl-centric and culturally-responsive programs
2. **Address and engage** systems, industry and supports within the girl's ecosystem
3. **Shift and influence** the funding model for STEM programs
